

CAMOZZI'S SHIPPING POLICY

Effective
March 3, 2006

Camozzi's Standard Shipping policy is "first in, first out"; that means we ship all In-Stock*, Bill of Material, and Production products in the same order that the Purchase Orders are received.

The following three exceptions apply:

1. All UPS Ground and non expedited orders will be processed on a first in first out basis. Any order of this type that is received by 12:00PM CST should ship the same day but will not be guaranteed. UPS Red, Blue, Orange, Fed-X, etc. will be guaranteed to ship the same day if received by 2:00PM CST.
 - *Purchase Orders of In-Stock product* that require expedited shipping, but are received after 2:00 p.m. CST or have an unusually large quantity, will be processed in the same expedited manner but cannot be guaranteed** to ship the same day.*
2. Emergency Cylinder manufacturing initiated through our Camozzi Express Service. (See *Camozzi Express Policy* below)
3. WILL-CALL Orders. (See WILL-CALL Policy below)

* **In-Stock product** refers to complete products and part numbers that are currently stocked on our warehouse shelves. It does **not** apply to any product that must be received into stock, assembled, machined or modified.

** **Guaranteed Shipping or shipping charges are free. GUARANTEED TERMS:** Provided the order is completed and received before the applicable cut-off time on an operating business day, Camozzi will guarantee shipping (qualifying items placed in the carrier's hands) for any in-stock U.S. Catalog items of the specified quantity (except machined or items that require setup or special packaging) to a qualified Distributor. The guarantee does not cover, and Camozzi is not responsible for, computer or electronic interruptions, mechanical or electrical breakdowns, strikes, riots, severe weather conditions, acts of God or any other forces beyond the reasonable control of Camozzi, including non-scheduled carriers, carrier missed pick-ups, branch shipments (due to earlier pickups), back-ordered items, replacement orders, new accounts (first order), and orders requiring credit review.

Camozzi Express is a service designed to bypass Camozzi’s standard manufacturing and shipping procedures because the customer needs a cylinder manufactured and guaranteed to be shipped same day (or next day) due to a breakdown or emergency situation.**

Camozzi Express Policy:

1. This service is dependent on availability of cylinder components.
2. Orders may be guaranteed for both same and next day shipment at different rates.
3. Express orders of more than one part number per distributor or more than five (5) cylinders or received after 1:00 pm CST must have Production Department approval and are subject to Production time constraints.
4. See below for Camozzi Express pricing guidelines.
 - Camozzi Express fees apply to each of the first two cylinders in a set of five of a specific part number (signified by the yellow boxes in the chart below).
 - Camozzi Express fee for **Same Day** shipping is **100% of list** per applicable cylinder.
 - Camozzi Express fee for **Next Day** shipping is **50% of list** per applicable cylinder.

WILL-CALL Policy

1. All same day WILL-CALL orders for In-Stock* products must be placed before 12:00 p.m. CST and may not be picked up before 3:30 p.m. CST or a \$25.00 additional expediting charge will be applied.
2. Bag quantities apply.
3. Camozzi Express orders for cylinders that are a WILL-CALL are subject to the above Camozzi Express Guidelines and may not be picked-up before 4:30 p.m.
